

*“As this new moon grows,  
in the name of the ALL;  
the Beneficent, the Merciful,  
I ask that so too grows my wisdom,  
courage and strength  
to achieve my Divine Purpose.”*

**Lay at my feet the riches and resources to remove all obstacles  
that hinder my path and obstruct my goals.**

**I turn to thee only for direction and guidance**

**And I give thanks to thee supremely for the life, love and beauty  
thou has bestowed upon me.**

**May my faith be worthy of thy grace.**
